Read it again

Class 2 is taking part in the Read it again competition. Each child is going to vote for their favourite book. Amazingly the authors dont just have to write the books they have to illistrate them oswell and they make them as exciting as possible. My favourite book is called wanted by Emily mackenzie. The way the author thought of the funny names of the books was my favourite part. I never expected the Rabbit to steal the books that was very intresting for me. I would recomeend this book for adults and childrens and howe as much fun with this book as I did.
